Macbeth

By William Shakespeare

Directed By Rich Francis

“All Hail Macbeth”

Shakespeare’s psychological thriller is a gripping account of passion, ambition, intrigue, murder and the supernatural.

When Macbeth returns from victorious battle to be told by three witches that he is destined to be king, he and his wife choose to take their fate into their own hands.

Together they dispose of anyone who stands in their way, but plagued by guilt and suspicion they ultimately destroy themselves.

“Something wicked this way comes”
