

L E E D S A R T S C E N T R E

NEWSLETTER No. 18

October, 1988.

Since we saw you last, we have had Summer - did you notice it? Certainly the cast and crew of tonight's production didn't get much chance to notice it as they had their heads down rehearsing the play and getting the set together.

We commenced our current Season with a most enjoyable Green Room production of N.F. Simpson's "absurd" one-acter, 'The Resounding Tinkle' produced by Laurie Ball, but as, hopefully, our rehearsal rooms are being refurbished shortly, we are suspending Green Room activities for a while. We will keep you informed of future events in our December Newsletter which will accompany "The Victorian Soiree" programme as we would welcome your company at our Green Rooms.

In the last Newsletter I reported the success of our June Jumble Sale. Guess what - yes- we are having another on the 22nd October at St. Columba's Church, Headingley from 2-0 p.m. - a great Centre social event.....and the following week, a party of Centre members will be spending a theatre weekend at Scarborough so should you happen to be in that neck of the woods on the 29th October and see some L.A.C. sweatshirts (with people inside) do say hello.

So you see we keep ourselves busy and indeed rehearsals for "The Victorian Soiree", which takes to the stage on Tuesday 6th December, will commence next week.

We all hope you enjoy tonight's production of William Shakespeare's 'magical' play, "The Tempest", and look forward to seeing you again in December for a many and varied selection of music and drama in "The Victorian Soiree".
